

NESCON 2018 TESTIMONIALS

I believe NESCON is a great program...especially for the value. I applaud the NESCON board for their willingness to stray from the past and try new things. Nothing like this program exists in FL and that is sad. I hope Supply Chain professionals in New England realize the value of the program you and your colleagues are providing. Keep up the great work!

Andrew Gauthier, C.P.M., A.P.P. | Director, Purchasing and Administrative Operations

I am away on travel, and very disappointed that I won't be attending NESCON this year. It's a great event and I hope it continues for many years to come!
